The city authorities have offered the new fire bell to the Methodist Episcopal church at cost. The bell is a fine one and was made for a church bell, and has a fine tone. The M. E. church is one of the largest in the city, and as it is without a bell, there is no doubt but the offer of the city authorities will be accepted. ## A Good Word

Uttered in praise of an action that has real merit, is only what is due. From out of the busy hum and roar of the large manufacturing town of Sharsburg, Pa., comes the following tribute penned by a lady to a leading druggist of that place:

Mr. J. J. Keil, Sharsburg, Pa., Dear Sir:—I am glad to say a good word for Krause's Headache Capsules. After suffering for over three years with acute neuralgia and its consequent insomnia, (which seemed to baffle the efforts of some of our best physicians) you suggested this remedy which gave me almost instant relief. Words fail to express the praise I should like to bestow on Krause's Headache Capsules. Gratefully yours, Mrs. E. R. HOLMES.

Sold by druggists. Montrose, Pa.

## HERE IS THE PROOF

THAT THE

## Equitable Life Assurance Company of the

UNITED STATES IS ENTITLED TO THE FIRST PLACE IN THE RANK OF ALL LIFE ASSURANCE COMPANIES.

Mr. Hensley, of Kirksville, held policy for \$15,000.00, and in less than two weeks after his death his widow had the full amount in cash. No vexatious delay. Prompt Safe Reliable.

KIRKSVILLE, MO., JAN. 14, 1893.

Received of the Equitable Life Assurance Society of the United States, Fifteen Thousand Dollars, in full settlement of all claims on their policy No. 458,982, on the life of F. L. Hensley, now surrendered; policy being in favor of Mary Hensley, wife; Alice Gertrude Hensley, daughter, and Alonzo Daly, stepson, and not assigned.

Witness: W. T. BAIRD. MARY HENSLEY.

KIRKSVILLE, Mo., Jan. 14th, 1893.

Mr. GID. E. JOHNSON, Agent Equitable Life, Kirksville, Mo.: I am in receipt of your Company's draft for fifteen thousand dollars, in full settlement for policy No. 458,982, on the life of my deceased husband. Such a prompt settlement is without a precedent, as only one week has elapsed since proofs of his death were made out. This very prompt settlement justifies the high opinion and preference my husband always expressed for the Equitable Life, and its new Tontine Policy. I thank you, personally, for your promptness and efforts in securing for me so quick a settlement.

Very Respectfully, MARY HENSLEY.

The following is a description of the policy held by Mr. Hensley, and, since his policy matured by death, the full amount has been paid his widow. If he had lived his twenty years out the policy would have matured, and judging by the profits earned by the Equitable in the past twenty years the results would have been as follows:

EXAMPLE:—Policy No. 558,952; age at issue, 35; amount \$15,000; annual premium, \$525; total premium in 20 years, \$10,500.

RESULTS AT END OF PERIOD.—1st. If the policy is surrendered the assured may draw in cash the guaranteed reserve of \$7,993.75, together with the surplus of \$7,685.25 making the cash value \$15,679.00, a return of \$147.50 for every \$100 paid in premiums, besides the protection afforded his family during the 20 years. 2nd. In lieu of cash he could have at the expiration of the tontine period, taken a paid up policy amounting to \$28,200.00, which at maturity is equal to \$260.85 for every \$100.00 paid in premiums. 3rd. If the policy is retained it is a surplus of \$7,685.25 may be drawn in cash and the policy continued in force for the original \$15,000.00 without further expense, as all premiums have been paid.

This is better than a government bond. Had Mr. Hensley lived and never paid any more premiums, as the Equitable's policies are non-forfeitable after three years, and he had made just three payments, instead of losing that amount he would have been given a paid up policy for \$2,220, without further expense, and payable any time at his death.

The Equitable Life takes pride in settling its claims promptly. It is the largest, safest and best company in the world. Its policies are free from fine-print clauses, plain and simple. The new Free Tontine policies are ineffectable after one year from any cause—a valuable feature not found in any other old line company. They are unrestricted as to travel, occupation, and residence after one year. It allows 30 days grace in payment of premiums. In fact, it gives all the excellent features of life insurance. The Equitable has the largest surplus, the biggest ratio of assets to liabilities, and has written in the past twelve years more insurance than any other company.

## A FEW OPINIONS.

Such prompt payment justifies the high opinion I have always held for the Equitable Life Assurance Co. of the U. S. R. M. RINGO.

The promptness of the Equitable Life in paying its full claim of \$15,000.00 on the life of Mr. Hensley of this city is shown by its payment within two weeks after death and one week after proofs were sent to home office.

I endorse the promptness and dispatch with which the Equitable Life paid claim of Mr. Hensley. Such promptness is almost without a precedent. A. I. DONE RHY.

I carry insurance in the Equitable Life, and am well pleased. GEO. J. ECKERT.

I have a \$2,000 policy in the Equitable Life. J. H. PAUL, Tax Collector.

I heartily endorse Life Assurance. DR. JOHN BURTON.

I think it a good investment, and carry a policy on my life. DR. J. W. MARTIN.

I heartily believe in life assurance, as is attested by the fact that I carry \$12,500 on my own life. I believe that every man ought to provide for his family in this way, to some extent, at least, as in case of death it is ready cash, and may often save a home. The Equitable Life is safe, prompt and reliable. W. T. BAIRD.

I am insured in the Equitable Life. W. T. PORTER.

For the benefit of any who may be interested the following coupon is attached. Fill out and mail to the undersigned, and I will mail you estimate of cost and full particulars in regard to the Equitable and its new Free Tontine Policy.
